 Mama never told me there'd be days like this / It all started out with a little kiss / One thing led to another / Then I took a shot / My heart was on the line / I was working overtime then along came a beat / Still I don't know why // Chorus: try to remember / My heart was on the line / Try to remember / It was the very first time / Try to remember / My heart was on the line / Try to remember // Standing in the middle of a traffic jam / My heart's playing bumper pool silly game / One thing led to another / Then I took a shot / My heart was on the line / I was working over time with my balls in my pocket / Will I ever be the same // Repeat Chorus // Mama never told me they make days like this / It all started out with a little kiss / I didn't know they make girls like you / Guess I got a lot to learn yeah, yeah, yeah // Don't just hide / Hide in a corner / Even if you don't have a clue / Take your best shot / And bring it to the top / It won't take long / Give it all you got yeah // One thing led to another / Then I took a shot / My heart was on the line / I was working overtime then along came a beat / Knocked me off my feet // Repeat Chorus // Mama never told me they make days like this / It all started out with a little kiss / I didn't know they make girls like you / Guess I got a lot to learn yeah, yeah, yeah // ©2016 Self Taught Music LLC administered by Kobalt Group Publishing (SESAC)/ Robin W. **WRITTEN BY JULIAN RAYMOND, ROBIN ZANDER, RICK NIELSEN, TOM PETERSSON** I never thought that it would be like this before / I never wanted just one kiss for sure / Well maybe I didn't understand / All you wanted was a one-night stand well / I never thought that I would beg like this for more // These days I wonder how I'm gonna make it tomorrow / These ways I'll have to beg if I want to borrow, my love / Here I'm on my knees / Please be here when I wake up tomorrow // I never felt like this before / My love is flowing out for sure / Your lips upon my skin / Come out and let me in now / I never thought I'd beg like this for more // These days I wonder how I'm gonna make it tomorrow and let me in now / I never thought I'd beg like this for more // These days I wonder what will come of tomorrow / These ways / In these ways I'm praying there's no need for sorrow / These days I wonder what will come when I wake up tomorrow // I'll have to beg if I want to borrow your love / Here I'm on my knees / Please be here when I wake up tomorrow // ©2016 Eleven AM Music administered by WB Music Corp (ASCAP) / Robin W. **WRITTEN BY JULIAN RAYMOND, ROBIN ZANDER, RICK NIELSEN, TOM PETERSSON** Hey now what you gonna do / When starts come shining for you / Stay now / I know I had something to say // Can't you feel it now, listen now / Before the night slips away / But there's a song that lies in the dark like you and me / It only needs the light of day / I get so sad and lonely / It hurts just to walk in the park / It's only when you're gone / I've got to turn my radio on / So come on and sing me a song now / You sing my blues away // Somehow I pulled you into my world / Your love is taking over me / And there's a girl over here / That needs that light to see // Here she comes now like a summer wave / From an old time mystery / I hear her singing song / She's where I want to be / Oh yeah // A sweet sound / It fills my world like a note floating in a dream / With this old heart I must say / There are no words to describe what you do to me / You sing my blues away / Hey yeah // I get so sad and lonely / It's a long way home in the dark / It's only when you're gone / I've got to turn my radio on / So come on and sing me a song now / Sing my blues away / Yeah sing my blues away / Sing my blues away // ©2016 Eleven AM Music administered by Eleven AM Music Corp (ASCAP) / Robin W.
